SECURE DATA WIPING CERTIFICATE

Software-Based Secure Wiping Execution Certificate

Certificate ID: SW-20260417-032401 **Generated On: 2026-04-17 03:24:01**

WIPE EXECUTION DETAILS

System Name	Secure Data Wiping System
Target Folder	E:\yggyggvhvgh
Overwrite Passes	3
Files Wiped	1

Verification Result: Successful

The selected folder was processed and post-wipe validation status was recorded.

Important Note

This certificate confirms that the selected folder was processed using a software-based multi-pass overwrite workflow. For academic presentation, this demonstrates secure deletion principles. Results on SSDs may vary due to wear leveling and device firmware behavior.

Authorized By
Secure Wipe Administrator

Issued By
Secure Data Wiping System

Electronically generated certificate for secure data wiping workflow
