SECURE DATA WIPING CERTIFICATE

Corporate Record of Software-Based Secure Wiping Execution

Certificate ID: SW-20260417-033448 **Generated On: 2026-04-17 03:34:48**

This certifies that the selected folder was processed through the configured secure wiping workflow.

CORPORATE WIPE EXECUTION SUMMARY

System Name	Secure Data Wiping System
Target Folder	E:\yggyggvhvgh
Overwrite Passes	3
Files Wiped	0
Estimated Data Wiped	0 B
Wipe Method	Multi-pass software overwrite

Verification Result: SUCCESSFUL

Post-wipe validation status was recorded for the selected folder.

Compliance Note

This certificate confirms a software-based overwrite workflow for academic and project demonstration. Results on SSDs may vary because of wear leveling, controller firmware, and storage architecture behavior.

Authorized By
Secure Wipe Administrator
